Another Gas Leak on Elm Street

At approximately 10 a.m. on January 16, the construction company performing the improvements on Elm Street ruptured a gas line. Unfortunately, this is the same line that was ruptured on January 14.

The company immediately contacted Police dispatch and Southwest Gas. Boulder City Police and Fire responded and secured the scene. No traffic was allowed on Elm Street in the vicinity of the leak.

According to Police Sgt. Slade Griffin, it was determined that residents of the area did not need to be evacuated from their homes.
