Update on Incident With Injuries of April 4, 2010

The following is an update on an incident that occurred on April 4, 2010, when Boulder City Firefighters responded to a call regarding an electric pole fire in the area of Nevada Highway and Yucca Street. During the response, a Boulder City Fire Department apparatus was involved in an incident with a woman who sustained injuries.

At this time, Nevada Highway Patrol has completed sketches of the scene and details of the incident have been turned over to the Henderson Police Department Traffic Unit to perform the investigation.

Police Chief Thomas Finn requested Henderson to perform the investigation because of their greater resources to carry out this task and so that any appearance of bias between two Boulder City agencies would be avoided. Finn estimated that a report of the incident would be available within seven business days.
