### **BC Constable Injured While on Duty**

On Tuesday, December 9, at approximately 2 p.m., Boulder City Township Constable Larry Markotay suffered unknown injuries while on duty investigating an unlawful camp site inside a culvert near Buchanan Boulevard and Quail Drive, commonly referred to as the Sewage Pond Road. As Markotay was descending a steep embankment, he apparently lost his footing and fell.

Markotay used his police radio to call for help. Boulder City police officers and the Boulder City Fire Department responded. Paramedics stabilized Markotay at the scene and with the assistance of Boulder City police officers, carried him on a gurney up the steep embankment. A BCFD ambulance took Markotay to the Boulder City Airport where a medical helicopter was waiting to take him to UMC Trauma for treatment.
